It is a requirement that we are supplied with first, middle and surnames as per your passports, for all passengers travelling on scheduled flights.

It may be a mandatory requirement to supply the airline with your API (Advanced Passenger Information) prior to departure. You can complete this information directly on the airlines website. Most airlines allow for online check-in within 24 hours of departure; again this can be carried out directly on the airlines website and many offer the facility to print off boarding passes in advance of your airport arrival. It is also advised that you re-confirm your outbound and departure flights 48 hours prior to your airport journey. Please ensure that you fully familiarise yourself with what is required for your flight as Ocean Florida will not accept any responsibility if you do not adhere to the flight provider's processes.

Please note that it is essential that a valid passport is held by all passengers with at least six months remaining on the return date of travel. It is your responsibility to ensure visas are obtained prior to your departure as Ocean Florida is not permitted to advise you on these details, but visa information can be obtained from the Embassy or Consulate of the country that you are travelling to. It is also your responsibility to ensure that you take the necessary health precautions with regards to vaccinations, and your doctor and local travel health clinic will be able to advise you on this.

When travelling to the USA it is a **mandatory requirement** to complete a visa waiver form prior to travel. Please visit <https://esta.cbp.dhs.gov>
